## Linoleum / Roll Goods Flooring Waiver

**Retailer:** \_\_\_\_\_ **Date:** \_\_\_\_\_

**Customer Name:** \_\_\_\_\_

**Serial # / Order #** \_\_\_\_\_ **Model #** \_\_\_\_\_

Marlette Homes has agreed to install roll goods (Linoleum) in the optional areas requested by the customer on this home. Please note that Marlette Homes does not recommend this due to the potential for damage during the construction process, both here at our home building facility, and throughout the set-up process.

When specifications include installing roll goods in any large room or multiple room areas, Marlette Homes, or your retailer, may repair any damage that has occurred rather than replace the floor covering. In some instances, we may need to replace the roll goods in a single room or multiple room area. However, should any damage occur, or manufacturer's defects be discovered during the building of your home, Marlette Homes reserves the right, at their discretion, to repair or replace the roll goods in specific areas only. In some instances, these repairs or replacements may include the use of a cosmetic divider trim (linoleum transition bar). Usually these will be installed in doorways but may be used in other areas of the home if needed.

In multi-section homes where the roll goods cross the marriage line of the home the patterns will not match, and this application will also require a retailer installed cosmetic divider trim (linoleum transition bar).

Please sign below indicating you have been informed of and agree to the above conditions.
